

MODEL 25

FRONT MOUNT BREAK-AWAY GOAL

The # 25 goal shall be constructed with an enclosed positive lock mechanism to hold rim in solid playing position. Goal shall be designed so that any possible entrapment areas have been eliminated.

Goal shall have official size 18" ring of 5/8" diameter steel with continuous no-tie net attachment, full wing brace design, and a durable orange powder coated finish. Anti-whip net and hardware shall be included. Has Universal hole spacing. Goal shall meet NCAA and high school specifications.

ACCESSORIES
